

## FOURTH WAR LOAN DRIVE STARTS TUESDAY

### AGENCY IS NAMED IN COAL CRISIS

#### Local Selectmen Name Robert Reid As Administrator

Action Taken Following Conference Called By Governor Saltonstall — Families Without Any Coal May Obtain Assistance By Making Out Application Form

Taking definite steps to prevent suffering for Arlington families, the board of selectmen this week set up an Emergency Solid Fuel Agency with Robert L. Reid as administrator.

The action was taken soon after a conference of selectmen called by Governor Saltonstall at which the critical shortage of coal was discussed at length. Selectman Harold M. Estabrook, chairman of the Arlington board attended the State House meeting. Upon his return, a meeting of the local board with the Arlington Rationing Board and local coal dealers was called for the purpose of discussing the suggestions made at the Governor's conference.

The Solid Fuel Administration plan for a local agency and methods whereby the plan can be put in operation were unanimously endorsed. Local dealers pledged their full cooperation to the end that no family in Arlington will be without heat if it possibly can be prevented.

The selectmen next appointed the Emergency Fuel Agency which, in addition to Mr. Reid, who is local inspector of mines, will include Paul H. Mossman, inspector of buildings, and Herbert L. Hutchinson, sealer of weights and measures, who will assist Mr. Reid as investigators.

Families without any coal must fill out an application, which, strangely enough, is simple and includes but few questions. These applications may be secured from the wire inspector's office on the first floor of Robbins town hall. Each application is investigated and if a case of actual need exists, the Solid Fuel Agency will assist the applicant in obtaining immediate delivery of coal from his regular dealer. If none is available, a limited amount will be provided to tide the family over. In the event that no coal whatsoever is available from local yards, the State Agency has made arrangements whereby local boards may obtain small amounts of coal for families without any fuel.

Although established only a few days ago, the local agency received no less than 30 applications during (Please turn to Page Three)

Men Are Dying . . . Are You Buying?

DURING this 4th War Loan Drive you are again asked to do something extra to help smash the Axis. Your part is to invest in at least one extra hundred dollar Bond. But don't stop there if you can do more. For remember—no matter how many Bonds you buy—no matter what denominations they are—you get back on maturity \$4 for every \$3 you invest. And that's on the word of Uncle Sam, creator of the safest investment the world has ever known.

So before you look into your wallet—LOOK INTO YOUR HEART. Your company, the place where you work, has been given a quota to meet in this 4th War Loan Drive. Do your part to help meet this quota. And remember, millions of America's fighters are waiting for your answer, your pledge that you are backing them to the limit.

#### Let's All BACK THE ATTACK!

#### Harold McSpaden Wins Los Angeles Open And \$4,375

Harold "Jug" McSpaden, former Arlington resident and professional at the Winchester Country Club broke the 72-hole Wilshire Country Club record this week to win the \$12,500 Los Angeles Open. He received \$4,375 in War Bonds for his victory.

Jug's final round of 66 gave him a 278 total, three under the previous low. McSpaden had a premonition that he would win and telephoned his wife in Philadelphia the morning of the winning match to tell her that "I was going to be sharp." He put himself on the spot with his wife and "just had to win," McSpaden said.

Others elected, all for a term of one year, were: Joseph H. Gaudet, vice president; Arthur F. Wells, treasurer; Mary F. Hayes, corresponding secretary; Virginia Yates, recording secretary. And the following representatives:

#### Blaze Damages Water St. Plant

Fire which broke out in the rambling wooden building housing the Arlington Industries for the Blind, at 40 Water st., a short distance from the business center, gave firemen a two-hour battle Friday forenoon.

Box 352 was sounded shortly before 10 o'clock, bringing apparatus from the Central fire station and a pump from the Highland station to the scene. Firemen prevented the blaze from spreading to nearby storage buildings. The building itself and contents suffered heavy damage.

Police lieutenant Daniel P. Barry directed the large detail of police officers who handled traffic while firemen fought the blaze.

The Arlington Industries for the Blind is owned by Hubert Burdette of Somerville while the building is the property of Harry Wood of Burlington.

#### Passenger Injured In Auto Accident

Nathan Becker, 33, of Brookline complained of injuries to his side and ribs when the car in which he was riding, and another auto were in collision on Milton st., near Herbert road, Monday morning. Becker was riding in the auto operated by Carmelo F. Flicichy, of Roslindale while the other auto was driven by Steve K. Carmanis of 118 Milton st.

The Clare class for women of the First Baptist Church will hear a talk by Mrs. Nathan W. Wood next Sunday at 12:10 noon, in the ladies' parlor.

#### Call For Help!

Mrs. Walter Vaughn, Arlington chairman of Production, has received the following letter from the Director of War Relief Garments in Boston: "We have had orders from National Headquarters that we must speed up our War Relief Garment shipments. As our Army enters more territory the rehabilitation program assumes greater proportions. We have now had time limits set on deliveries and are appealing to you in this emergency."

During the past year 3500 garments were made by the Arlington Red Cross sewers. We must at least double this to meet this great need.

#### BURNS HEADS POLICE GROUP

The Arlington Police Relief Association elected the following new officers on Monday: William Burns, president; Lieut. Thomas Sullivan, vice president; James J. Flynn, secretary; Edward Sullivan, treasurer; James Burn, John J. Hourihan, John Ryan, William Colbert and Thomas Burns, executive board; auditors, Chief Archie F. Bullock, Lieut. Daniel P. #### Rehabilitation Committee To Meet Monday

The first meeting of the new Local Advisory Committee, set up by the board of selectmen, to help the rehabilitation of local servicemen upon their return to civilian life, will be held next Monday evening in the hearing room of the Robbins Town Hall.

The selectmen at Monday evening's meeting appointed three new members to the committee, namely, Mrs. Robert W. Murphy, president of the Arlington Visiting Nursing Association; and Alfred A. Doucet of 41 Hamlet st. and Francis A. Coughlin of 42 Mystic Lake drive, representing the United States Veterans' Administration.

W. Ray Long, chairman of the State Advisory committee appointed by Governor Saltonstall, will address the Arlington committee.

Plans for Arlington's part in the drive have been laid down at daily meetings held this week in the Arlington Five Cents Savings Bank with Arthur J. Mansfield, and Harrie H. Daddum, co-chairmen of the Arlington War Financing Committee, in charge. Another meeting is scheduled for 5 o'clock this afternoon at the same bank.

Speaking of the need of a house-to-house canvass during the coming drive and the necessity for more workers, Mr. Mansfield said, "The task before us means sacrifice and inconvenience but it is only through personal contact that we can expect the general public to purchase its quota of 'E' bonds. The government, after careful consideration, has adopted the house-to-house canvass plan as the means of achieving its goal. If enough people will volunteer to make the personal calls and if they put their heart into this job, we know that they will find the people willing to co-operate."

#### Noted Speakers For Boys' Club Formal Opening

Two widely known figures head the list of speakers scheduled to appear at the formal opening of the new Arlington Boys' Club building, on Pond lane, on the shores of Spy Pond Sunday afternoon, Jan. 23. They are David W. Armstrong, of New York City, executive director of Boys' Club of America and Bill Cunningham, Boston Herald columnist.

Other speakers will include Robert L. Moore, president of the club; Roscoe O. Elliott, president of the Arlington Community Chest; Selectman William C. Adams, who will extend the greetings of the Town; Police Chief Archie F. Bullock, first president of the Boys' Club; and Deane W. Moores, executive director of the local club. Thomas F. Scanlon, chairman of the dedication committee will introduce the speakers. Others on Mr. Scanlon's committee are Chief Bullock, Benjamin F. Hickey and Robert L. Moore.

Music will be provided by the popular Viking Male Chorus and Miss Ruth Olive, well-known soloist. Invited guests will be given an opportunity to view the clubhouse, formerly occupied by the Middlesex Sportsman's club, and inspect the many rooms and other facilities now available to club members.

#### 93% Of 1943 Taxes Collected

Better than 93 percent of the 1943 real estate tax levy has been collected to date, it was disclosed this week by Town Treasurer and Collector J. Wilbert Anderson.

At the same time, he said that less than one percent of the motor vehicle excise tax and personal property taxes levied in 1943 remained uncollected. Collections for the year were the best on record. Mr. Anderson attributed this to the fact that many are earning more money as a result of wartime employment.

#### To Collect Tin Cans During Coming Week

The next collection of tin cans for war production needs will be held during the week of January 17. Flattened, cleaned tin cans should be left at the curb by eight o'clock on the day of rubbish collections in your particular neighborhood.

# UNITED FOR VICTORY

All Out For  
Health in '44

WE'LL  
**WIN THE WAR**  
WITH  
**WHOLESOME FOOD**

War brings new problems to everyone connected with the production and distribution of food . . . to every purchaser and every consumer, it touches us all. The increased demands on our food supply by the armed forces, and by our allies leave a diminished supply for civilians . . . an adequate supply, if correctly distributed and used. This necessitates a well-directed food program geared to war conditions, with an emphasis on nutrition . . . more care in the planning, selection and preparation of available food. Eat some food from the Basic 7, shown here, every day.

## RESOLVE NOT TO WASTE FOOD

Clean your plate for Victory. This may not seem important but when multiplied by millions of Americans all over the country who are working toward the same goal—means a great reduction in needless food waste. Don't waste precious food.

CLEAN YOUR PLATE SO OUR ARMIES AND THE ALLIES WILL HAVE ENOUGH!

## GET MORE PROTEINS PER POINT

The Point Rationing system is part of the Food for Freedom campaign. Plan your meals carefully and shop wisely. Eat the 7 Basic Foods every day. Nutritious foods are all-important.

Buy Wisely!

## UNCLE SAM NEEDS YOUR HELP!

### More Victory Gardens in '44

It's not too Early to Plan Your Garden

Did you have a Victory Garden last year? If you did, you know how much fun you had. And you know, too, how much you enjoyed eating the "fruits (and vegetables) of your own labor." Your fruit cellar is the one that is so well-stocked with home-canned foods that you don't feel the pinch of rationing. You are probably still drawing on that larder . . . and it's a constant reminder to your wife at least . . . of the amount of money you've saved by having a V-Garden.

If you didn't have a Victory Garden last year, you probably have a pretty good idea by this time that you should have had one. And we hope you'll resolve to have one this year at least . . . for 22 MILLION VICTORY GARDENS are NEEDED in '44! Having a Victory Garden is your most important civilian defense homework. Plan YOUR V-Garden now.

Help Win the War on the Food Front!

Raytheon Newton Seeks More Help

Raytheon in Newton is eager to enlist additional employees from Arlington. If a sufficient number of local women workers is enlisted from Arlington, special bus service from Arlington to the Newton war plant will be provided, it was indicated this week.

Women applicants will find an outstanding personality in Hazel Peterson, assistant personnel director who is in charge of female help.

In 1929, when the Newton plant was opened, Mrs. Peterson joined Raytheon as an executive secretary.

In 1933, she was made employment supervisor. Her tasks were many. Besides hiring and keeping employment records she filled in where she could, even in the First Aid room. Boys and girls, foremen and supervisors have come to her when confronted with problems, whether business or personal, and she always has been able to send them back to their work with their minds at ease.

Today, with all her added duties, she is still sought out by her boys and girls who come to her. She listens and advises in her motherly fashion. She enjoys her work and takes pride in all her undertakings. She has won special commendation for her originality in advertising. She is a lover of music and flowers and spends her evenings at the fireplace reading her favorite books.

## Locals Down Cantabs, 6-1

Arlington High's hockey sextet trounced Cambridge Latin, 6 to 1 in an interscholastic league game at the Boston Arena Friday night before the largest crowd of the year.

Although without the aid of its athletic ace, Mel Massucco, who has just gone into the service as a member of the merchant marine, the Red and Gray scored in the first minute. Jim Malone started the scoring which wound up at 3 to 1 for the locals at the end of the first stanza. Five's six second goal boosted it in the second period and Louis Ryeckoff added the fifth tally in the final period. Malone topped it off with another counter late in the game.

The lineup:

CAMBRIDGE LATIN—Foley, g. Costa, rd. Zubinski, ld. Fitzgerald, c. Peck, rw. Frasca, lw.

## Baptist Men's Class Co-operating In 4th War Loan Campaign

Last Sunday Rev. Nathan W. Wood continued his talks on the "Life of Paul" to the First Baptist Men's Class, the discussion being "Paul at Ephesus."

The Class welcomed Arthur J. Mansfield, War Finance Committee chairman, who spoke on the Fourth War Loan. Mr. Mansfield urged the cooperation of the men to insure the success of the campaign.

John E. Mansfield, prominent member of the class, is chairman of the house-to-house groups and is being assisted by Arthur R. Hayward, class treasurer. Arthur Wells is also actively engaged in this work and it is expected many of the members will enlist their services.

On Sunday, January 23, "Gil" Dods, noted track star, will be guest speaker. The day has been designated as Father and Son Sunday.

Next Sunday Mr. Wood will speak on "Paul's Return To Jerusalem."

The Highland Group of the Social Alliance of the First Parish will serve a ham and bean supper on Saturday. Mrs. Roscoe Perry is chairman.

FEW SIGNING  
PETITION FOR  
SNOW REMOVAL

Although 200 registered voters must sign the petition now at the office of the town clerk, in Robbins Town Hall, to have the question of removing snow and ice from private ways, or accepted streets, go on the ballot next March, comparatively few voters have taken the trouble to sign the petition.

The petition of particular interest to those living on private ways, or so-called unaccepted streets, is awaiting their signatures at the office of the Town Clerk.

A legislative act has been passed to provide that cities and towns must sign the petition for the removal of snow and ice from private ways, open to public use, if the voters so vote. The Act provides that its acceptance shall be submitted to the registered voters at the annual town meeting upon petition of 200 registered voters.

The petition must first be signed by at least 200 voters, in order to be placed before the town meeting. The required number of signatures must be on the petition on or before Jan. 24.

It can be signed by any registered voter whether he lives on an accepted or unaccepted street. Full details appear in a public works board notice on page one.

"Arthur, with joy and satisfaction, your outstanding ability, your fine community spirit, and your many generous acts, have filled us with delight. And we are glad that this milestone in your career finds you happy and hale and hearty and vigorous. We wish you a pleasant continuation of your trip. We hope you will find few hills, and no sand pits or washouts, but that your road will be smooth and straight, through beautiful scenery, with pleasant weather, delightful companions, plenty of gas, and a careful driver. Yes, it is a very pleasant opportunity to extend to you our very best wishes and felicitations."

## Screening Tests Are Abandoned

In line with a new nation-wide policy adopted by the National Selective Service board, screening tests for Arlington men of draft age will no longer be given.

Original orders to both local boards to send a fairly large number of men for induction in February, have been cancelled and as a result only a small group from each board will be sent to the Boston induction station for their preinduction examinations late this month. No fathers will be included in the latter group, it is expected.

However, present indications are that a large number of fathers may have to be drafted after February because the number of previously deferred single men from 18 to 21, being released from war industries, and young men becoming of draft age will be insufficient to fill quotas.

the first three days, and every case was bonefide. Coal bins are inspected in each case investigated. Applicants must take whatever type coal is available.

Meanwhile the selectmen have asked department heads having buildings under their jurisdiction to heat these buildings with bituminous, or soft coal, wherever possible, instead of anthracite to help alleviate the solid fuel shortage.

Families relying on coal for heat, who are without this fuel, may call Mr. Reid at ARL 1615, the selectmen advise.

## Clem Norton Says

The Majority Leader of Congress, Hon. John W. McCormack and the Minority Leader, Joseph W. Martin of North Attleboro, appeared together on a Boston platform for the first time recently at the Boston City Club. Congressman McCormack made a splendid talk. Joe Martin is the humblest looking man in politics, barring none. If he appeared at your door and said that he was the plumber, you would not hesitate to let him in. He has no "airs" about him whatever.

At the last Republican national convention, just before he took his place as permanent presiding officer, he stood down on the floor talking to me and a policeman came along and demanded that he "get off the floor." I had a press badge but Joe had nothing on him to show that he was an official. A few moments later when Joe took his place as presiding officer, the cop turned to me and said: "I thought he was someone who walked right in off the street. You know. One of the boys! He is the plainest looking big-shot I ever saw."

Joe reports to his 85-year old Irish-born mother at North Attleboro every so often and when home, goes to the corner drug-store a couple of times a day for a "lemon and lime," his favorite drink. His room in the Hay-Adams hotel, Washington, is just a common, ordinary \$3.50 a night affair. This is a small hotel, that is located right in front of the White House, across Lafayette park. You can tell what time it is, when Joe goes to bed and gets up for he is great for regularity and routine. He looks like a man of destiny... Speaker of the House.

## The Road Ahead

... will not be an easy road. For many, 1944 will be a sad and lonely road. But it is up to us to make it the road to complete Victory, which includes not only a military triumph over our enemies, but also a just and lasting peace, and a satisfactory solution of the critical problems of the post-war era.

That this war will end is a certainty. That the United Nations will be victorious is also a certainty. When this victory will come is not known to man; but the problems to be solved after victory are known to all of us, affect all of us, and must be solved by the cooperative efforts of all of us.

If we desire the continuation of democracy in fact as well as in name, if we believe in free enterprise, now is the time to think and to plan for their perpetuation. Those who would destroy democracy and the system of free enterprise are thinking and are planning; they will be ready and glad to take over if the rest of us are not ready.

## LET'S ALL BACK THE ATTACK

Money in people's pockets throughout the country at the end of 1943 stood at a record of \$20,000,000,000. This is \$6,500,000,000 more than the goal of 14 billions for the Fourth War Loan which starts Tuesday. This money, of course, does not really all lie in pockets. Some of it is tucked in bureau drawers. Some of it rests in wall safes at home.

This type of dollars the bankers call "money in circulation." But for the good of the country and the benefit of its holder, it really does not circulate. It is lazy money. It is not deposited in banks and put to work as loans or investments. Hidden in pockets or chimney bricks, it earns no interest for its owner.

This holder of the unpatriotic dollar can either spend it or hoard it. If he needs it on a diminishing supply of civilian luxury goods, he boosts the inflation spiral. If he hoards it, his efforts pay him nothing in future security. And on both counts, present and future, the Fourth War Loan has the answer.

Investment in War Bonds is a definite brake on inflation now. The present purchase of bonds is the best guarantee of their future worth. Money in war bonds ceases to be lazy. It returns as high as 2.9 per cent on an annual basis. And purchase of War Bonds makes patriots of slacker dollars. The \$20 1/2 billions now hidden in pockets is an increase of five billion in a year. This five billion almost equals the \$5 1/2 billions goal for bond sales to individuals in the Fourth War Loan. The increase in "money in circulation" in Massachusetts over a year ago likewise approximates the \$258,000,000 quota for individuals in this state.

The deduction from this is simple. If the increase during the year in these lazy dollars were devoted to the seven issues of the Fourth War Loan, then the public buying quota would be automatically achieved. Take this money from pockets and hiding places! Invest it in War Bonds! This is the full meaning of the Fourth War Loan slogan, "Let's All Back the Attack."

## YOUR ASSISTANCE IS NEEDED

The Arlington branch of the American Red Cross appeals for more workers.

In the surgical dressings work, the quota for 1944 will be about four times as great as in 1943. This challenge is difficult but it must be met. The work in 1943 was almost four times as that done in 1942—a total of 435,899 surgical dressings made in Arlington workrooms in 1943, as compared with 118,631 in 1942.

The assistance of everyone, with no exceptions, is necessary to meet this 1944 quota. We hope that Arlington women will respond.

For any information concerning surgical dressings work, you are asked to call Arlington Red Cross Headquarters, ARL. 6540.

## State Guard Unit In Federal Inspection

The 15th (Arlington) Company, 23rd Regiment Massachusetts State Guard recently underwent a Federal inspection conducted by Capt. George H. Miller of the First Service Command.

After looking over the records, quarters and equipment at headquarters, Capt. Miller went to the Junior High East where an inspection of the personnel was conducted.

## The NEWS OBSERVES

Visiting clergymen preached in local pulpits on Sunday as the annual ministers' exchange Sunday was observed.

Massachusetts had 453 automobile fatalities during the past year, and large as this number may seem, it may surprise you to know that it was the lowest in 25 years. So, we're gradually improving.

If you gave Johnny a chemistry set for Christmas, keep an eye on him and see that he doesn't experiment with dangerous chemicals. The State Department of Public Safety in a letter to fire department heads points to an unfortunate accident in this connection a short time ago. The department states that chemistry sets sold by toy manufacturers rarely contain any particularly dangerous materials. But, their use leads to further experiments which encourage boys to buy other chemicals that may prove dangerous both as to fire and explosion hazard. This is no attempt to discourage experiments, but a word of caution to those affected.

War Bonds and Stamps sales in Arlington schools hit a total of \$43,380 last week with Junior High Center making the best showing. This school bought \$693.75 worth of bonds and \$222.15 in stamps.

Arlington's 1943 Town Report reached the finals in the statewide contest for the best town report. The board of selectmen was advised this week by Prof. Charles A. Rohrer of Massachusetts State College, who was designated by the Massachusetts Selectmen's Association as judge for the contest.

Flooded with no less than 419 telephone inquiries regarding "No-School" signals last Friday, the fire department announced this week that no information on this matter will be given in the future. The public is asked to listen for "No School" signals or tune in to WNAC from 7 to 8 a. m. for information in case of rain or snow which might prevent school sessions in the future.

Twenty-two university extension courses on a wide variety of subjects are scheduled to start in Boston and vicinity next week. The Massachusetts Department of Education announces. Among them are courses in history, homemaking, industrial engineering, income tax procedure, public speaking, philosophy, languages, and art. Further information concerning these courses may be obtained at University Extension, 200 Newbury st., Boston.

Every day more service men and women and their families bring their problems to the Home Service Department of the Arlington Red Cross Branch. During the day they come to Red Cross Headquarters where there is always a trained Home Service representative on duty. After hours, in cases of emergency, they contact representatives at home. Miss Caroline Higgins, chairman of that Department, reports that there were 114 cases of assistance in December, the busiest month so far. The majority of these cases, happily, concerned servicemen who wanted furloughs or extension of furloughs for the holidays—although, others dealt with more serious problems.

Congratulations to Arlington's Mel Massucco who has been selected as the most outstanding high school football player in Eastern Massachusetts.

The secretary of the Arlington Chamber of Commerce has answered many inquiries in past years, but something entirely new came in this week when a young lady from South Carolina inquired as to character of a Navy man, supposedly from Arlington. She has become acquainted with the young man, and wanted to know more about him "before we get too serious," the far-sighted young woman wrote.

Arlington's first coasting accident of the season was recorded within 24 hours after the winter's first heavy snowfall, on Friday. David L. Earle, 10, of 37 Westminister ave., suffered head injuries and Kenneth Wilson, 8, of 22 Montague st., received minor injuries when the sled on which

## Busy Meeting For Local Club

Heavy rain, sickness in many homes and the aftermath of the holidays kept many away from last Thursday's meeting of the Arlington Women's Club.

Mrs. Stanley Kingman, presided and extended greetings for the New Year and thanked all who remembered her with Christmas greetings as well as those who helped make the Christmas meeting such a success.

Mrs. Norman J. Griffin announced the all-day meeting to be sponsored by the American Home committee next Thursday afternoon.

Mrs. Kingsbury Ryan, chairman of the War Service committee, reported on the many ways in which the club brought cheer to soldiers. She outlined plans for the State Federation drive to raise money to buy a bomber during the coming War Loan drive.

Mrs. Frederick G. Link, chairman of the music committee, presented Wesley Coppelstone, tenor, accompanied by Reginald Boardman at the piano.

Mrs. Harvey C. Abbott, chairman of the legislation and general training committee, introduced the guest speaker, Albert Norris, professor of sociology at Boston University. After speaking of the confusion brought about by many racial and social groups living in close relationships and the divided allegiances brought about by science, he urged that certain basic trends be noted and research be supported to help solve the many and complicated problems.

## St. James' Team Ties St. Jerome's

and TRANSPORTATION

Our Government has requested seven major industries, including all gas companies, to cooperate for conservation and victory. Uncle Sam also asks every homemaker to save household gas. Coal, oil, transportation and manpower, all are used in making gas, and when you save gas you save these vital resources for war needs.

GAS IS VITAL FUEL

USE IT WISELY

DON'T WASTE GAS EVERY DAY

• DON'T USE YOUR GAS RANGE OVEN TO HEAT YOUR KITCHEN

• Use low blue flame for surface cooking • Use little water for vegetables — lower flame when liquids start boiling • Don't put hot foods in refrigerator • Use gas-heated water sparingly

• Repair leaky faucets • If you heat with gas, keep thermostat at not over 65 degrees.

## Local Nurse To Wear Bed Socks Knitted By Red Cross Workers

A pair of bed socks knitted by Arlington Red Cross knitters from scraps of donated yarns is going to see active service with one of Arlington's own Army Nurses.

When Mrs. H. M. Dorley, in charge of Red Cross knitting in Arlington, learned that Lt. Edith Holt, 46 Quincy St., of the U. S. Army Nurse Corps was home for Christmas after five months in North Africa, she immediately made arrangements to present her with the heaviest, most rainbow-hued bed socks to be found at the Arlington Red Cross Production Rooms.

Lt. Holt said that there were many nights in Bizerte, Casablanca and Oran when she could certainly have used such socks, especially when sleeping in a tent. Lt. Holt is a member of the Red Cross herself and she said that every Red Cross worker at home could be proud of the work their organization is doing for the men and women in foreign service.

She mentioned the little "ditty" bags presented by the Red Cross to men and women in the Armed Forces when they go overseas as a small example of intelligent Red Cross care. Lt. Holt was not particularly impressed when she received the bag in this country, but in the field, she found its contents almost priceless. Other men and women in the service would agree with her.

Lt. Holt reports back for duty in Virginia and does not know what her next assignment will be. Mrs. Dorley explained that the bed socks were the 25th pair knitted in Arlington at the suggestion of the Boston Metropolitan Chapter. She was able to give them to Lt. Holt instead of sending them to Boston because the yarn was donated.

In a hockey game played Saturday afternoon St. James Juniors defeated Mission High Juniors, 5 to 0. Charlie Donahue was individual star, scoring three goals and assist. Bill Flanders and Norine also scored for St. James with Hardin holding the visitors scoreless.

## War Loan Drive

(Continued from Page One)

**Volunteers Needed**  
More volunteers are needed for the Town's 14 precincts to be thoroughly canvassed during the drive. In a letter to the Arlington chairman, William Y. Hackett, regional chairman of the War Finance Committee, states that 12,000 home-office insurance employees have pledged to work in their own communities during the drive and 4,000 industrial agents will solicit their own clientele in Massachusetts alone. This activity of the Treasury Insurance Legion is under the direction of Paul F. Clark, vice president of the John Hancock Mutual Life Insurance Company, and vice-chairman of the State Committee, who has assured the Arlington committee that insurance employees have been instructed to have War Bonds which they sell, issued locally wherever possible. As a result, Arlington will get credit for Bonds purchased locally from insurance company employees. During the last War Loan Drive, this group of workers turned in a most remarkable record of sales.

Because of Arlington's showing in the first three War Loan drives, its performance in the drive opening next week will be watched by State officials. Homer Sewall, northwest area chairman of the State War Finance committee called upon Mr. Mansfield this week and pointed out that Arlington and Waltham, both with high quotas, did an outstanding piece of work in the last drive. Other communities in the area are Belmont, Concord, Lexington and Watertown.

Among those who have been active in this week's meetings of the local War Finance committee are Clifford R. Hall, superintendent of schools; Roger A. McGinnis, superintendent of the Arlington postoffice; and Edward P. Clarke, secretary of the general committee and the important canvassing committee including Arthur F. Wells, William Kearns, Brayton D. Fisher, Winslow C. Sisson, John E. Mansfield and Arthur Haywood, and Mrs. Arthur J. Mansfield, chairman of the women's division.

Arlington schools will cooperate to the fullest extent in the drive and plans for participation by teachers and pupils were mapped

out at a meeting of school principals called by Mr. Hall yesterday.

Arlington women who sell a \$10,000 worth of bonds or more in any one month will receive a citation. Mrs. Mansfield, head of the women's division, pointed out this week. The 4th War Loan drive therefore offers an unusual opportunity to sell that amount of bonds.

**State's Goal**  
In the drive for funds to help pay the huge costs for what has now become an offensive war for the United States, Massachusetts citizens are asked to invest \$258,000,000 in individual war bond purchases. To achieve this goal, the bonds must flow over the counters

HARRIE H. DAMMUN  
Co-chairman in drive

at the rate of approximately \$10,000,000 a day at the 2200 bond selling agencies in this State.

The national goal in individual sales is \$5,500,000,000, with an overall quota of \$14,000,000,000. The overall quota for Massachusetts, including purchases by corporations, associations and business concerns, is \$794,000,000. The books will close Feb. 15 on the drive.

Heading the drive in this state is the Massachusetts War Finance Committee, of which F. W. Dehio, Boston banker on loan to the Treasury Department is chairman.

Among the vice chairmen of the state organization are Gov. Saltonstall and Mayor Tobin of Boston. An innovation of the Fourth War Loan will be a red, white and blue window sticker with the notation, "We bought extra war bonds." available to all bond purchasers during the drive. The slogan, stressing the Treasury Department's aim to place as many bonds as possible in the hands of individuals, is, "Let's All Back the Attack." Purchasers are urged to put up their window sticker.

**Soldiers Helping**  
Soldier entertainment talent stationed at posts in this state has been assembled into a New England Sector War Bond Cavalcade, which will tour the state during the drive playing to bond buying audiences.

To show the importance of bond sales to individuals, only the sales of this type will be made public until Feb. 1.

Massachusetts' quota of \$258,000,000 is \$93,000,000 more than the total of individual sales in this state in the Third War Loan of last September.

—William C. Carney was the Arlington representative of Railway Express appointed to conduct a meeting in Boston on Tuesday for discussion with employees of the part Air Express fast transportation will play in the post-war period.

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform—they'll go "all out." But can we count on you to back them all the way? Your quota is where you work—you've got to buy your War Bonds and then buy more, until every last loose cent

you have is fighting. Tough? Of course, it's tough—unless it is a sacrifice you're simply not doing your share!

Make the sacrifice now—buy more than the extra \$100 Bond your country counts on you for—winning the war is worth any sacrifice you make. Besides,

you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody—can't we count on you for more?

This sticker in your window means you have bought 4th War Loan securities.

Let's ALL BACK THE ATTACK!

### Woman's Club Spread Cheer Among Vets

Service men were remembered by the Arlington Woman's club at Christmas time. Gifts were taken to Fort Devens and to the men stationed in Arlington. A check for \$15 was sent to the State Federation to fill bags for servicemen in various camps who did not receive gifts. Board members personally sent gift boxes to soldiers in the Fort Devens hospital room sponsored by the local club. Reading matter was also given soldiers. Veterans at the Bedford Hospital were given pipes with greetings from the club.

"These men submitted willingly to an intensive training in handling apparatus and equipment, acquiring the same knowledge known and practiced by our regular firemen. While we have been spared the ravages of war we now have a body of civilians equipped, trained, experienced and ready to augment the regular Fire Department in any emergency which may arise."

"It is this the busiest year in the history of the Fire Department. I particularly commend the Auxiliary Firemen for their assistance in fighting fires and for covering the stations from six o'clock in the evening to eight o'clock in the morning on eighty-nine consecutive nights when our personnel was reduced by vacancies, sickness or injuries."

Any male relatives of an Arlington Marine who has not applied for membership is welcome to attend any meeting and become acquainted with the purpose of the organization before becoming a member. Most Arlington boys and girls in the Marines know each other, and fathers, through this association, can relay news which is always welcome, and forward addresses for the purpose of communication.

For information write or telephone Robert Potter, 45 Westmoreland ave.

—Mr. and Mrs. J. Herbert Gunnerson and son, John have been spending the week in New York. Johnny is official messenger for the women's division of the War Finance committee of which Mrs. Gunnerson is telephone chairman.

—Miss Norma Smith and Miss Louise Carter, both of Arlington, students at Salem Teachers College, are on the committee in charge of the annual W. A. A. formal to be held at the college Jan. 22.

Transfer of the Social Security Board's field office from 10 Temple st., to 1248 Massachusetts ave., Cambridge, first floor, to be effective on Jan. 1, has been announced by James T. Phelan, manager.

The new location, in the Harvard Square district, was selected for the convenience of the great number of people, including Arlingtonians, who are served by the office. The ground floor location of the new office is considered more desirable from the viewpoint of the many elderly individuals who have occasion to visit there.

In addition to monthly old-age insurance payments for retired wage earners who are age 65 or over, the office administers monthly insurance payments for qualified widows and children of insured wage earners who have died.

...and lots of people do—everywhere... but we must wait till the war is won.

THE "shock troops" of your Government's 4th War Loan Drive—a drive that must raise \$14 billion to put the punch behind the punch that may make 1944 the date of doom for the Nazis—will soon call on you to buy your personal quota of Bonds. For, of the \$14 billion that must be raised in this Drive, \$5.5 billion worth must come from individuals.

Welcome these American men and women—5 million of them—who are not only buying their share of Bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is at least one extra \$100 Bond. That's above your regular Bond buying.

If possible, buy your extra Bonds during this drive at the plant or office where you work. A volunteer Bond worker will sell you there. Otherwise, welcome him to your home when he calls. Or find one in the thousands of retail stores all over the United States. They want to find you—you must help see that they do.

If you are unable to make your purchases from a soldier of victory be sure to go to one of these other special War Bond stations to buy your extra Bonds:

BANK AND TRUST COMPANIES  
U. S. POST OFFICES  
SAVINGS AND LOAN ASSOCIATIONS  
BUILDING AND LOAN ASSOCIATIONS  
BROKERAGE AND INVESTMENT FIRMS  
MOTION PICTURE THEATRES  
CREDIT UNIONS  
CERTAIN GOVERNMENT AGENCIES  
NUMEROUS CORPORATIONS AND FIRMS FOR THEIR EMPLOYEES

PRODUCTION CREDIT ASSOCIATIONS  
NATIONAL FARM LOAN ASSOCIATIONS  
MISCELLANEOUS BOND BOOTHS  
RADIO STATIONS  
RETAIL STORES  
NEWSPAPERS

This sticker in your window means you have bought 4th War Loan securities.

Remember your job in this Drive is to buy more than your share of Bonds. That's the only way you can be certain you are still backing the attack. So be ready to meet your War Bond representative with an open check book.

Let's All BACK THE ATTACK!
